PROFESSIONAL SUMMARY

Frontend Developer with full-time and internship experience building responsive, production-grade web applications using **React.js, Next.js, Tailwind CSS, Shopify, and JavaScript (ES6+)**. Currently developing an **end-to-end Shopify e-commerce platform** at Siddhagiri Metals Pvt. Ltd. and deepening React skills through an ongoing internship. Contributed to **17+ live production websites**, with a strong eye for pixel-perfect UI and Figma-to-code accuracy. Actively using **AI-assisted development tools** (Cursor IDE, Claude). Eager to grow rapidly in a fast-paced EdTech product environment.

TECHNICAL SKILLS

Core: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3

Styling: Tailwind CSS, Bootstrap, Responsive Design, Flexbox, CSS Grid

Tooling: Git, GitHub, Figma-to-Code, Cursor IDE, Vercel, Netlify

CMS & Other: WordPress (Page Builders, Custom Themes), Shopify (Theme Dev, Custom Code, E-Commerce), SEO Fundamentals, Python-Django (Basics)

Practices: Component Architecture, State Management, Cross-Browser Compatibility, Performance Optimization

PROFESSIONAL EXPERIENCE

Web Developer (Full-Time)

2026 – Present

Siddhagiri Metals Pvt. Ltd.

Mumbai, India

- Developing and managing a **full-fledged end-to-end e-commerce website** on **Shopify**, handling everything from store setup and theme customization to product management and checkout optimization.
- Writing **custom Liquid, HTML, CSS, and JavaScript code** to implement bespoke UI components, landing pages, and dynamic product features beyond default theme capabilities.
- Integrating third-party apps, payment gateways, and CMS workflows to streamline the online buying experience for a metals B2B/B2C business.
- Owning the full development lifecycle — requirements gathering, design-to-code, testing, deployment, and post-launch maintenance — independently.

Frontend Developer Intern (React.js)

2026 (2 Months)

Virtual Internship (Ongoing)

Remote

- Building **React-based** frontend applications using functional components, hooks (**useState, useEffect**), and props-driven state management.
- Implementing **pixel-perfect, responsive layouts** using Tailwind CSS from Figma mockups.
- Improving UI consistency and code structure following modern frontend best practices.
- Leveraging **Cursor IDE** and AI tooling to accelerate development and code reviews.

WordPress Designer / Acting Team Lead

May 2024 – Dec 2025

MCM BPO

Mumbai, India

- Developed and maintained **10+ production WordPress websites** with custom layouts, UI enhancements, and responsive design.
- Reduced layout bugs and improved usability across multiple live client properties.
- **Acting Team Lead** for ~2 months during night operations: assigned tasks, reviewed output quality, and ensured on-time delivery for a team of frontend developers.
- Collaborated directly with seniors and stakeholders while maintaining hands-on development responsibilities.

Web Designer (Contract)

2024 (2 Months)

Mirackle Solutions

Mumbai, India

- Built responsive UI components for SaaS and business websites using HTML, CSS, and JavaScript.
- Assisted with WordPress customization and page-level improvements for client deliverables.
- Collaborated in an agile team environment to meet tight project deadlines.

KEY PROJECTS

- AI Resume Analyzer (ATS Optimization Tool) | React, Claude API, Tailwind CSS2026
 - Built a full-stack AI-powered resume analyzer that parses PDFs, evaluates ATS compatibility, and provides Claude API-driven suggestions to improve job descriptions and keyword alignment.
 - Integrated OpenAI/Claude API for intelligent, context-aware resume feedback; deployed on Vercel.
- Full-Stack Tinder Clone | React.js, Tailwind CSS, Node.js, MongoDB2026
 - Developed a modern dating app with real-time chat, swipe gestures, user authentication, and profile management using React + Tailwind for a fully responsive frontend.
 - Implemented JWT auth, REST API integration, and complex state management across components.
- 17+ Live Production Websites | WordPress, HTML, CSS, JS2024 – 2025
 - Contributed to UI development and responsive design for high-traffic production sites including mycountrymobile.com, acepeak.ai, ringflow.com, teloz.com, callmama.com, twiching.ai, and 11 others.
